### Master of Science in Business Analytics & Information Management

Dec 2026

University of Delaware, Newark, DE

### Bachelor of Science in Accounting and Finance

July 2024

Riphah International University, Islamabad, Pakistan

## Skills

- Financial Analysis, Financial Modeling, Forecasting, Variance Analysis, Risk Management, Quantitative Analysis, MS Excel (PivotTables, charts, formulas), PowerPoint
- SQL, SAS, Python, RStudio, Power BI, Tableau, DAX, SPSS, SMARTPLS, Data Visualization, Statistical Analysis, Market Research

## Professional Experience

### Summer Housing Assistant

May 2025 to August 2026

University of Delaware, Residence Life & Housing, Newark, DE

- Coordinated office operations and front desk activities, resolving resident service requests promptly.
- Supported event logistics through room assignments, maintenance coordination, and housing related events.
- Maintained records, tracked inventory, and supported procurement and budget reporting.
- Collaborated with housing managers and student staff to improve operational communication and efficiency.
- Used Excel and Google Workspace for data tracking, audits, and service performance metrics.

### Intern: Business Development

June 2023 to August 2023

Khawaja Securities (Financial Advising and Wealth Management), Islamabad, Pakistan

- Performed fundamental and technical analysis of commodities, equities, and currencies on the Mercantile Exchange.
- Researched market trends and investment opportunities to support more informed client recommendations.
- Collaborated with business development, marketing, and finance teams on strategies engaging 20+ potential investors.

## PROJECTS

### Student Habits vs. Academic Performance | Power BI

Spring 2026

- Cleaned and analyzed 1,000 student records across 16 behavioral, demographic, and academic variables using Power Query and Power BI.
- Built DAX measures and interactive reports to evaluate how study time, attendance, screen time, wellness, and background factors relate to exam performance.

### Airport Security & Passenger Flow Optimization | Simulation

Spring 2026

- Modeled checkpoint operations using Monte Carlo, agent based, and discrete event simulation to assess risk, passenger behavior, and bottlenecks.
- Analyzed 10,000 peak period scenarios; identified scanner capacity as the key bottleneck and showed an added Regular lane reduced shortfall probability from 43.4% to 7.3%.

### COVID 19 Economic Impact Analysis | SAS Analytics Project

Fall 2025

- Built an end to end SAS analysis using PROC SQL, DATA steps, and macros to evaluate GDP and HDI based case, death, and mortality metrics.

### Data Mapping for Fintech Integrations | Hackathon Project | University of Delaware

August 2025

- Led data quality checks and business case development for compliance mapping between FDX APIs and Fiserv DNA.
- Collaborated with technical teammates to deliver a fintech integration solution.

### Netflix Content Analytics Dashboard | Tableau

Fall 2025

- Built an interactive Tableau dashboard using calculated fields, parameters, and filters to analyze content trends and KPI focused insights.
- Delivered visual stories to support data informed content strategy decisions.

### Nvidia PESTLE Analysis | Carol A. Ammon Annual Case Competition | University of Delaware

Spring 2025

- Evaluated trade restrictions, technology market trends, and antitrust risks; delivered a visual summary of business risks and opportunities.

### Research Project: Risk Perception and Brand Equity | Riphah International University

Spring 2024

- Used SMARTPLS and SPSS to analyze risk perception and brand equity.
- Recommended strategies to strengthen customer trust, loyalty, and competitive brand positioning.

## Leadership and Community Involvement

### Event Coordinator, BAIM Graduate Student Association | GSA

Spring 2026

- Organized and led the "From Data to Decision: Analytics & Storytelling" workshop with the University of Delaware Research Data & Design Commons.
- Coordinated planning, stakeholder communication, registration, and logistics; guided participants through data exploration, visualization, and insight generation.

### Director of Finance & Interim President | Riphah Green Club, Islamabad, Pakistan

May 2022 to May 2024

- Managed club budgets, logistics, and cross functional partnerships to deliver well executed sustainability projects.
- Partnered with faculty and local organizations to coordinate project activities and resources.
