Professional Experience

Summer Housing Assistant

May 2025 – August 2025

University of Delaware, Residence Life & Housing, Newark, DE

- Coordinated office operations and front desk management, ensuring timely resolution of resident service requests.
- Supported event logistics by managing room assignments, coordinating maintenance teams, and assisting with housing-related events.
- Maintained organized records, tracked inventory, and assisted with procurement and budget reports.
- Collaborated with housing managers and student staff to improve communication and operational efficiency.
- Utilized Google Workspace and Excel for data tracking, audits, and performance metrics.

Intern: Business Development

June 2023 – August 2023

Khawaja Securities (Financial Advising and Wealth Management), Islamabad, Pakistan

- Performed fundamental and technical analysis of commodities, stocks, and currencies on the Mercantile Exchange.
- Collaborated with business development, marketing, and finance teams to design strategies engaging 20+ potential investors.
- Delivered insights on investment opportunities, contributing to more informed client recommendations.

Projects

COVID-19 Economic Impact Analysis (SAS Analytics Project)

Fall 2025

- Developed an end-to-end SAS project analyzing global COVID-19 data using PROC SQL, DATA steps, and macros to generate GDP/HDI-based weighted case, death, and mortality metrics.

Netflix Content Analytics Dashboard | Tableau

Fall 2025

- Built an interactive Tableau dashboard analyzing Netflix content trends by genre, release year, country, and ratings using calculated fields, parameters, and dynamic filters.
- Delivered KPI-driven insights and story-based visualizations to support data-driven content strategy decisions.

AI-Powered Data Mapping for Fintech Integrations | Hackathon Project | University of Delaware

August 2025

- Led data quality checks and business case development for compliance mapping between FDX APIs and Fiserv DNA.
- Collaborated cross-functionally with technical teammates to deliver an innovative fintech integration solution.

Nvidia PESTLE Analysis| Carol A. Ammon Annual Case Competition | University of Delaware

March 2025

- Conducted a strategic PESTLE analysis evaluating U.S. trade restrictions, AI market trends, and DOJ antitrust impacts. Delivered a visual infographic summarizing risks and opportunities.

Leadership and Community Involvement

Event Coordinator, BAIM Graduate Student Association (GSA)

Spring 2026

- Coordinated and supported BAIM GSA events, including a cross-department workshop with the Research Data and Design Commons, enhancing student engagement in analytics, data ethics, and storytelling.
- Collaborated with peers and faculty to plan and execute programs and workshops, strengthening teamwork, communication, and event management skills.

Director of Finance & Interim President | Riphah Green Club, Islamabad, Pakistan

May 2022 – May 2024

- Managed club budgets, logistics, and cross-functional partnerships with faculty and local organizations to deliver impactful, well-executed green projects.
